- HTML5 CSS3 JAVASCRIPT BOOTSTRAP
- Git Version Control

## LANGUAGE

- Tamil
- English

## EXPERIENCE

11/2022 - 04/2023

### SPUTNIK INFO TECH

Web Developer Intern

Done six months internship on SPUTNIK INFOTECH During my Undergraduate.

## EDUCATION

2023 - 2025

### NANDHA ENGINEERING COLLEGE

MCA

8.3

2020 - 2023

### ARUL ANANDAR COLLEGE

B.Sc Computer Science

7.9

## PROJECTS

### Mini Project: Flower Shop Automation System (.NET & SQL Server)

Flower Shop Automation System (.NET & SQL Server) Designed an automation system for a owner shop to improve operational efficiency and long-term data management. The system enables real-time updates, allowing administrators to monitor inventory, sales, and revenue streams seamlessly. With integrated internet connectivity, the project supports remote updates and simplifies financial calculations, enhancing transparency in income and expense tracking.

### Main Project: Inter College Meet Event Portal (PHP & MySQL)

Inter College Meet Event Portal (PHP & MySQL) Developed a streamlined web portal to manage college events, enhancing the efficiency of event coordination among administrators, staff and students. The system enables admins to assign event responsibilities to staff, monitor student registrations, and view event results in real time. This platform electively supports large-scale event management, ensuring smooth communication and organization for multiple college events.

## ACHIEVEMENTS & AWARDS

Got Student of the year award in my undergraduate.

Got best project award in my department.

Got certifications on INTER and INTRA collegiate programs.

## CERTIFICATIONS

Programming in JAVA NPTEL

Basics of Python Infosys spring board

SOLOLEARN - JAVASCRIPT, CSS,

C, COMPLETE WEB DEVELOPMENT.
